Kanchipuram.

Sub: The health condition of my daughter i.e. Kum Haritha– **Request-Reg.**

Respected mam,

I Rejeti. Srinivas Sharma father of Kum.Haritha Vidhyardhi of Shastra Sarani, humbly submitting few lines to your notice. As you know from one month my daughter's health condition is too weak. Thank you for supporting her .

After she came from Chennai to hyderabad. We approached doctor for (Thyroid, CBP, Abdominal, Pelvis Scanning, ESR Hemoglobin %) checkup, they said that her Hb levels are low, mentally depressed, frequent weakness due to her cycle. The doctor asked her to follow a strict diet, Yoga, Weekly fasting and to drink hot water as there is an impression of Polycystic Pattern of Ovaries.

My daughter many times spoke to me that Mami is bullying her a lot. She is so sensitive minded. As she never reacted harder, Mami is keeping on teasing her a lot . I heard Mami's words day before yesterday while she was on call with Haritha , she told in high voice that Bilahari mam is scolding you a lot because of your luggage without thinking about her health condition and dropped the call immediately. While she was sleeping, I noticed that she is frightened, from then we are tensed about her health and studies, As she is in 3rd year she has to concentrate much on her studies.

So, Kindly ignore the mistakes of my daughter if any and show some concern on her health.

Thanking you Madam,

your's faithfully,

R.SRINIVAS SHARMA
